Smart Phone Usage Course for Adults Sessions

The goal is to familiarize relatively new smart phone users with all the necessary functions for daily use. After running a series of extremely successful smart phone photography courses it was clear that many users (people at the age of 50+) are not familiar with the most basic functions of their devices; therefore, this course was created.

	Lesson plan
1.	Introduction class. Meeting participants of the course, going over the course schedule, setting up the equipment. (2 h) Maria / Svetlana
2.	Main operating systems (iOS/Android); WiFi, mobile Internet, Bluetooth; (2h) Svetlana
3.	Creating e-mail accounts and sending/receiving e-mail on the phone. (2 h) Maria / Svetlana
