

New and most popular programs:

American Club

American club continued its meetings in April.
Grammar + some new vocabulary.

American Movie Night: *La La Land*

Narva Central Library American Space and the U.S.Embassy film series.

La La Land is a 2016 American musical romantic comedy film written and directed by Damien Chazelle. It stars Ryan Gosling as a jazz pianist and Emma Stone as an aspiring actress, who meet and fall in love in Los Angeles while pursuing their dreams. The film's title refers simultaneously to the city of Los Angeles and the idiom for being out of touch with reality.

The movie screens in English with Russian subtitles.

Conversation Club

Conversation Club is led by Dezmone Valentine our English Teaching Assistant. The club meets on Mondays and Wednesdays.

Disney Saturday: *Beauty and the Beast*

The next Disney Saturday movie was another Disney classic.

Beauty and the Beast is a 1991 American animated musical romantic fantasy film produced by Walt Disney Feature Animation and released by Walt Disney Pictures.

The cartoon screens in Russian with Estonian subtitles.

3-D Master Class

It will be possible to continue master classes on 3D printing, laser cutting and seeking innovative approaches for introducing new ideas in the innovation laboratory in Narva.

Master class-Healthy Media Diet–Learn the Balance

Jill Fredenburg

It was prepared for people who interested in how to learn by using the Internet and Social Media in healthy ways.

Space Days in the Narva City Library

Narva Central Library American Space and the U.S. Embassy helped organize some events about the cosmos for students of 7th grades.

3D master class for the kindergarden

It was organized for the youngest Cosmo travelers a virtual flight throughout the galaxy, where the children could see all our planets, perform a number of tasks on a smart board and even dance with the Martians. At the end of the event it was the opportunity to talk about 3d printing, build labyrinths with a special material and get some souvenirs which were made on a 3d printer.
