

Monthly Report – July 2018

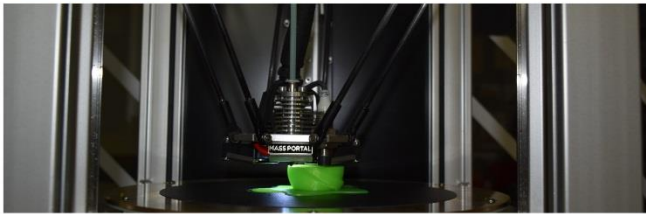

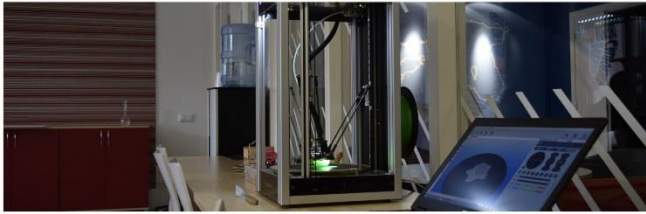

New and most popular programs:

**Board Games Club with American Students**

While playing the board games “Dixit,” “Uno,” “Mafia,” “Mysterium,” and “Alias,” American students practiced their Russian listening and speaking skills and communicated with Russian-speaking teenagers.

### 3-D Master Class/Laser Cutter

The MakerLab at the American Space offers master classes in 3D printing, laser cutting and innovative approaches and introduces STEM (Science, Technology, Engineering, and Mathematics) skills. This month, master classes focused on souvenir making for guests. A lecture on 3D printers and laser cutting for the unemployed was also delivered.

### American Space Tour for VitaTiim Language Camp

Language camps at VitaTiim are meant for practicing **language** skills in a friendly atmosphere and making friends from around the world. The tour of the library, conducted in English/Russian helped the pupils practice their listening and comprehension skills and learn more about the American Space in Narva and the Estonian library system in general.

### US Ambassador James D. Melville makes his last visit to Narva American Space

Ambassador Melville made a parting visit to Narva Central Library and thanked the staff of the American Space and the library for productive cooperation and support for Embassy initiatives.

## Russian Speaking Club

**Themes:** interview with a journalist, “guess a secret thing” (describing a thing by using adjectives only), life in a city (parts of the city).

Regular practice helps to overcome one’s embarrassment when speaking a foreign language. The Russian Speaking Club invites all those who want to communicate with foreign (American) students in English or Russian.

On July 12, the club hosted a special guest — a journalist from local newspaper “Вирю проспект + Нарвская газета” Sofja Boborenko, who asked the students some questions. Read interview of this conversation by clicking the link below.
